INCLEMENT WEATHER PROCEDURES

There may be times during the school year where inclement weather or other situations could cause transportation cancellations or school closures. When student transportation is cancelled and schools remain open, the decision of whether or not to have children in school on that day rests with the parent or guardian. **Should you decide not to send your child to school, or if your child is ill or late, please ensure that you report your child's attendance to your child's school.**

Information about transportation cancellations and school closures will be available as soon as it is available through the following:

Internet:

www.dsbm.org/inclementweather/

DSBN Facebook or Twitter

www.nsts.ca

Radio Stations:

CKTB (610 AM) St. Catharines

CHTZ-FM (97.7 FM) St. Catharines

CHRE (105.7 FM) St. Catharines

TV Station: Cogeco Channel 10

You may wish to subscribe to the delays and cancellation notification system at www.nsts.ca and click the delays and cancellation link, then click on the subscribe button. Enter all the necessary information as required. Once subscribed, you will receive notifications of your selected bus route(s) number.

Winter Holiday Family Evening

On Tuesday December 11th, 2018, Edith Cavell families are invited to an evening of holiday activities and fun! Join us as we decorate ornaments, make holiday crafts, enjoy some hot chocolate and cookies. As a family, you will be creating a wooden snowman home decoration to bring home and enjoy over the holidays. The activities will begin at 6:00 p.m. in the gym. Each student is asked to bring their family to come and help them create their decoration.

Our Edith Cavell Eco-Team is asking for your help! We have entered the Ontario Schools Battery Recycling Challenge. By recycling batteries, we are helping the environment and also increasing our school's chance of winning prizes! Collect single-use alkaline batteries from your home, family, friends and work. Before you send them to school, please tape the terminals on all 6V, 9V and button cell batteries. We will collect primary single-use alkaline batteries only. Alkaline batteries come in common sizes including AA, AAA, C, D, 6V, 9V and button cell. Primary "lithium" and rechargeable batteries are not part of this program. To learn more, visit <https://www.rawmaterials.com/ontario-school-recycling>

Check out our website for more at <http://edithcavell.dsbm.org>
